

What have Nursery Wrens and Reception Robins been doing this week?

Supertato flew into our homes on Monday as he needed our help, EYFS were happy to lend a hand...

We created our own Supertato to help scare off Evil Pea.

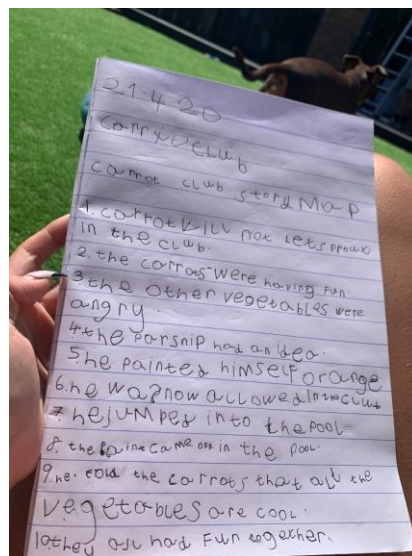

We created our very own traps to capture Evil Pea.

Our hard work was noticed by the authors of Supertato and they sent us this message,

Our Robins used their phonics skills to write about Clive the Carrot...

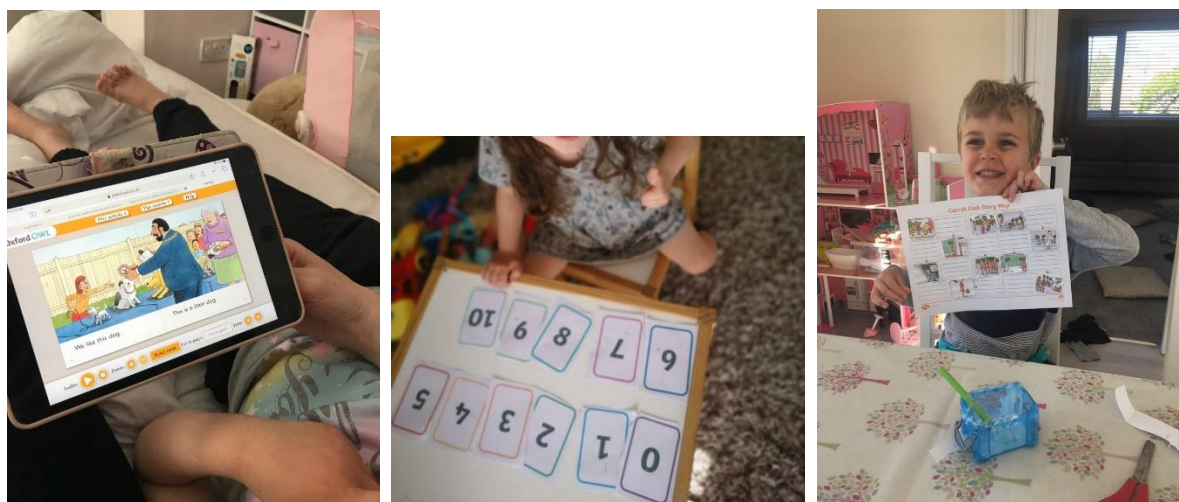

This Robin has remembered to use finger spaces and a full stop at the end of each sentence, WOW!

EYFS children have continued to show their appreciation for our NHS throughout the week by getting creative.

We have been working hard all week by reading every day and taking part in maths activities.

I am so proud of you all, have a wonderful weekend Robins and Wrens,

Mrs Windridge 😊
